Annabells B&B

Annabells B&B is a newly created business in Whitianga.
This wonderful accommodation with 2 suites is set amongst 2 hectares of sub tropical forest with views overlooking Mercury Bay on the stunning Coromandel Peninsula. Rates include robes, luxe bathroom products and spa products to enjoy, teas and coffee available all day, Tv, private entries and balconies around our home to sit and enjoy the peacefulness and ocean views looking across the Shakespeare cliffs.
Rooms include breakfast provisions so guests can cook themselves bacon, eggs, sausages, mushrooms, tomatoes on different types of local bread. Different types of cereal, yoghurt, fruit, NZ jams and chocolates can be enjoyed also. A champagne or wine or even a cup of strong tea will be offered to guests if they want to meet us. Beverley is an award winning B&B owner from Melbourne and you will love it here. I can drive you into town or drop you off at your fishing or sailing charter boat departure location.
The Coromandel Peninsula is famous for its coastline, rolling hills, forest, tree ferns or Punga's as the NZ'ers call them. Annabells B&B is a short driving distance to Cathedral Cove, Hot Water Beach, the stunning deserted beaches of the Peninsula, the Ferry to Cooks Beach, the divine coastal town of Pauanui, the art galleries of Tairua and Whangamata and the history of Coromandel Town and Hahei. Karangahake Gorge has dramatic rock formations and is a must for travellers to the Peninsula.
