

Peel Forest Homestay

Come and enjoy a relaxing stroll in the Peel forest podocarp forest and native New Zealand bush. While in bed wake to the tranquility of the dawn chorus birdlife with the sun's rays streaming over the treetops. This is the place to refresh yourself and get your life back in perspective and balance.

Nestled intimately at the foot of Mt. Peel, we offer warm Kiwi/Christian hospitality, and healthy home-grown natural food, to both local and international visitors.

We have a small working farm, chooks, horses, cows and sheep, a newly developed wet land with a good sized pond.. Our large farm kitchen produces healthy food mostly grown on the property.

Our land borders Peel Forest native reserve and we have access to the walks from our property.
