

# Kotuku Bed & Breakfast

Kotuku has two shower ensuite queen bedrooms and one twin room with king single beds and a bath/shower ensuite. The bedrooms open to a spacious living area with the communal breakfast table and an open kitchen that guests are welcome to use to make their own tea or coffee. The sunny, sheltered covered patio at the back of the house is an ideal spot for pre-dinner drinks or just catch up with emails on your tablet using the complementary wifi.

The deck at the front of the house provides an additional space to watch the sun setting over the Coromandel hills beyond the estuary.

Both the estuary (idea for kayaking and paddle boarding) and surf beach are within easy walking distance and the town centre a few minutes drive away.

Kotuku is located at the southern end of town, not far from both golf courses and the popular Wentworth Valley bush walk.
