

# Mahana Hideaway

Accommodation at Mahana Hideaway has been enjoyed by guests for many years under previous hosts. Now we are opening the doors... this place is just too special not to share!

Our delightful, established gardens boast an array of produce and a plethora of native plants and trees. While away hours watching numerous native birds, or getting lost in the meandering secret garden. Set on 1.5 acres Mahana Hideaway boasts a continuum of charming 'garden rooms' with a new hidden delight around every corner.

Homely and cosy, The Cottage is the perfect sanctuary to return to after spending a busy day exploring. Very private and separate from the main house with it's own access and parking, The Cottage boasts wonderful views and is perfectly positioned. With one queen size bedroom in the main cottage and another in the adjoining studio, in addition to a comfy sofa bed in the lounge area- the options are numerous. With a full kitchen the cottage is self-contained giving you flexibility to make the most of your stay.

The Studio is an ideal retreat to spend some quality time. Alongside but separate to the main house and with its own access and parking, a queen size bed, full en-suite and kitchenette you can relax in style in your hideaway. Enjoy a drink on the alfresco deck with views over the garden and onto the beautiful mountain ranges.

Continental 'help-yourself' style breakfast is included on arrival within both units, and is available for an additional \$10pp/per night.
